

## John Maiuccuro Sentenced to Two Years in Atlanta

New York, Aug. 29 (AP).—John Maiuccuro, a contractor of Utica, who yesterday pleaded guilty to having passed a counterfeit \$10 Federal Reserve banknote at a wayside fruit stand near Ulster Park, N. Y., was today sentenced to two years in Atlanta penitentiary and fined the face value of the counterfeit bill by Federal Judge Charles A. Boynton.

In sentencing Maiuccuro, Judge Boynton remarked that it was difficult "to fathom the motive of one who, having earned his living for many years, stoops to crime."

"However," concluded the court, "crimes which affect our national currency must be punished to such an extent that others may be deterred from following in the offender's footsteps."

The principal witness for the government was Elizabeth G. Giblin, 43-year-old stenographer of Utica, who said she had accompanied the defendant on a three-day automobile trip to New York about July 25 and had been with him when he passed the counterfeit bill. No charges were filed against her.

The New York Herald Tribune of today states:

John Maiuccuro of Utica, pleaded guilty Wednesday at his trial before Federal Judge Charles A. Boynton to charges of passing counterfeit money and was held for sentence today. The maximum penalty under this charge is fifteen years imprisonment or a \$5,000 fine, or both.

Maiuccuro's decision to plead guilty was caused by the testimony of Elizabeth G. Giblin, forty-three-year-old stenographer, of Utica, who said that she had accompanied Maiuccuro on a three-day automobile trip to New York about July 25, during which, she said, her companion passed a \$10 counterfeit bill upon Mrs. Joyce Ganson at a wayside fruit stand near Ulster Park.

Mrs. Giblin, appearing quite prim in a blue and white dress, black straw hat and glasses, told of her trip with Maiuccuro without embarrassment. She said she knew her companion was a married man, but that he was a good spender when he had money. She said he had passed a number of counterfeit bills on the trip.

She had been a stenographer in Utica for twenty-two years, she said, adding that "seven or eight months ago the defendant and I became good friends." About July 25, she said, Maiuccuro invited her on the motor trip to New York, and she accepted. They passed one night here, and the next morning Maiuccuro drove to house on Mulberry street which he entered alone. She said he told her that he intended to pass the bad money because business was bad and "others do it and get away with it."

Two stops were made on the return trip, she said, and after the counterfeit bill had been passed at the fruit stand they drove toward Kingston. Meanwhile the bill had been recognized as counterfeit by Mrs. Ganson and the police in Kingston were notified by telephone.

As they drove into Kingston, nine miles farther north, a traffic policeman halted the car. Maiuccuro, she said, immediately slipped her a roll of counterfeit bills, unobserved by the policeman. She said she went into a washroom near by and tore up the bills before other police arrived and arrested her companion.

Mrs. Ganson and her brother-in-law, Philip Ganson, testified that they recognized the counterfeit bill.

## TRUE STORY TOLD ABOUT WOODSTOCK.

"The Woodstock Bulletin," published fortnightly at Woodstock by F. Gardner Clough, has announced a special issue for the Maverick festival which is already out, containing a variety of prose and poetry contributions by prominent Woodstock writers.

The Maverick festival issue of "The Woodstock Bulletin" has taken up the matter of the rapid growth of Woodstock, and in reply to the New York Times, which printed last week a feature story about a "Serpent in the Garden," gives a great deal of material about the real Woodstock that outsiders know little of.

This issue of "The Woodstock Bulletin" is on sale at the O'Reilly store in Kingston; it contains a full program of the Maverick festival, with a time schedule of events, and a detailed account of the evening performance.

## ECKENER TO SPEND 12 DAYS IN UNITED STATES

Lakehurst, N. J., Aug. 29 (AP).—On completion of his world flight today, commander Hugo Eckener announced he would not return to Friedrichshafen with the Graf Zeppelin. The Graf will sail Saturday evening, he said, with Captain Ernst Lehmann in command. Commander Eckener will spend about 12 days in the United States before returning to Germany, he said, and will visit Washington and Akron, Ohio.

## Makes During Recce at Fire.

New York, Aug. 29 (AP).—Three persons were killed and eleven were injured early today in a fire in a four-story tenement house on the lower east side. Fire Lieutenant Michael Coffey swung from an adjoining house, while held by two other members of his company, and rescued Morris Brannasser, 48, who was trapped on a third-floor window sill with the flames at his back.

## Radio Salesmen In Jail; Face 9 More Charges

Two New York Men Who Organized Fall Guys Radio Association Face Nine Charges of Petit Larceny—Hearings Adjourned to October 1.

Michael Mialonka and Michael Sanders, the two New York city radio salesmen who last Friday organized the Fall Guys Radio Association in Kingston, and who were sentenced to sixty days each in the county jail when found guilty of petit larceny in selling a radio that would not work to Gerald Perry of this city, face nine more similar charges and on Wednesday a hearing on the nine other charges was adjourned to October 1.

The nine other members of the association who paid from \$10 to \$30 each to become charter members, and who have sworn out warrants charging petit larceny against the two men are Miriam F. Decker, J. M. Connelly, David Gildersleeve, Clarence Buckner, Lawrence Reisch, Oran DeGraw, Joseph C. Lundy, Wally Dawson, and Raymond Lupton.

At the trial on Wednesday officers from Catskill and Saugerties were present in court and at the disposition of the case against the two men had been sworn out by members of the Fall Guys Association who had become members in those places.

Manny Mont, who said he was the manager of the Wy-Mont Radio Company of Brooklyn, who manufactured the radios sold, gave bail in the sum of \$250 each on two charges preferred against him by residents in Albany. On Wednesday a detective from Albany came to Kingston and arrested Mont on the warrants.

## U. & D. Freight House Destroyed

Fire of Incendiary Origin Destroys Building on Cornell Street—Two Previous Attempts to Fire Freight House This Year Had Failed.

Fire of incendiary origin, destroyed the large freight house of the Ulster & Delaware railroad, and damaged four freight cars on a siding, early today. Two previous attempts to set fire to the freight house this year had been foiled by the timely discovery of the blaze, which was brought under control after slight damage to the building.

The fire was first discovered at 4:30 o'clock this morning when an alarm was turned in from Box 73. Three minutes later another alarm was turned in from Box 61. The fire had been started under the loading platform in the rear of the building, and in a very brief time the entire building was a mass of flames. The four freight cars stood in a siding near the freight house, and the fire communicated to them, but the arrival of the fire department prevented the four cars from being entirely destroyed.

The freight house was of frame construction and burned rapidly. The fire threw off an intense heat and dense clouds of smoke. Several streams of hose were played on the fire but it had gained such headway that it was impossible to save the building.

## John Melville Found Not Guilty

New York, Aug. 29 (AP).—Federal Judge Charles A. Boynton today directed a jury to acquit John Melville, 31, railway mail clerk of Kingston, N. Y., who was on trial charged with violation of a section of the United States criminal code pertaining to delaying and detaining mail.

Melville was on duty in a mail car of the Wallkill Valley Railroad, operating between Kingston and Montgomery, on August 23, when a letter containing \$7.50 in marked money was put in a mail pouch at Kingston. Federal agents testified the letter was delivered in Montgomery without the marked money, which later was found in another envelope in the mail car.

Melville denied he ever had seen or handled the marked money and said he had not tampered with the envelope originally containing the money.

## Injured When Car Hit Tree

Miss Mary Murray, 17, of 113 Jansen avenue, was cut on the arm when the Ford coupe she was riding in crashed into a tree on Foxhall avenue on Wednesday afternoon. The car was being driven by Ray Brundage of 334 Broadway. In his report to the police department Mr. Brundage stated that as he was driving out Garden street and about to turn into Foxhall avenue when the steering wheel broke and he was unable to straighten the car out before it had struck the tree.

## MUSICIAN DROWNED IN THE ESOPUS CREEK

John Wachtel, 19 years old, a musician employed at Mulford's Grill in Saugerties, was drowned in the Esopus creek Wednesday afternoon while bathing. His home was in New York city. Unable to swim he had waded out into the creek and before help could reach him he disappeared.

## Viscount Grey Near Death.

Newton Hall, Eng., Aug. 29 (AP).—Viscount Grey of Fallodon, British statesman and internationalist, narrowly escaped death last yesterday when the famous Scots' express missed his motor car by a few feet at Fallodon Junction grade crossing, Northumberland. The quick-thinking chauffeur grabbed the emergency brake just in time to stop the car. The train crashed into the highway gate, throwing debris into the motor car.

## His First Play Passenger Lands To Be Produced From Los Angeles On Broadway To Plane in Flight

Howard E. Koch, Son of Mr. and Mrs. Frederick Koch, of 9 Warren Street, Writes American Comedy, "Great Scott"—Will Open Labor Day Night at 49th Street Theatre.

Not the least of the famous literary growing up in the northern part of the Empire State is Howard E. Koch, author of "Great Scott!", the comedy opening Labor Day night at the 49th Street Theatre, New York city, with L. A. Saffan, head of Showshop, Inc., as producer. This young man, destined for the Bar by legal difficulties of his families far in advance of his birth, nevertheless finally achieved his aim and wrote the play bearing the ejaculative title.

Mr. Koch is the son of Mr. and Mrs. Frederick Koch of 9 Warren street. He was born in New York city but when quite young his family moved to Kingston. He was graduated from School No. 7 and after attending Kingston High School he entered St. Stephen's College at Annandale. Following his graduation from St. Stephen's he completed his studies at Columbia.

According to him, his love for the drama and for comedy began with a forced reading of the Greek tragedies and with his college study of Aristophanes. "Great Scott!", his new play, however, not only is comical but modern in that all the traditional difficulties between theoretical college grads and their fathers are presented in a humorous series of incidents.

Mr. Koch, though, has really fulfilled the ambitions of his family, for he is a lawyer and only between pleading before courts of justice posters the actions of his characters. In fact, the playwright thinks that his local and maintenance of interest throughout the play has been derived largely from his practice in preparing briefs and other instruments of law.

Although a young man, only 26, Mr. Koch has built another large interest in life besides playwrighting and the law. She is his wife. Her name was Lucie May Van Tye and a more typical upper New York state name could not be found. He, however, has changed that. She is an artist and is not dependent upon her husband in maintaining the creative ability of the Koch family.

The idea of the play, Mr. Koch says, originated way back in his college days in the person of a radical professor who refused to allow the conventional commercial restrictions to interfere with his theories. This is just what happens to Delancey ("Great") Scott, whose idealism is destined, according to Delancey, to revolutionize the world and particularly that part of it which concerns the tin can factory of his father. The disturbances in the lives of everyone and his brother which the hero causes afford a comedy which will add much to the literary prestige of the author.

After its New York city premiere Mr. Saffan, the producer, intends to form several road companies, one of which will tour the state.

## Reach Decision on Rhineland Plan

The Hague, Netherlands, Aug. 29 (AP).—After nearly four weeks of hard labor The Hague reparations conference today reached a definite decision on Rhineland evacuation which is still dependent, however, on final agreement on the Young plan.

The political committee today decided that evacuation of the Rhineland must be begun at once, that it must be terminated so far as concerns the Belgians and British and the second French zone within three months after adoption of the Young plan and that the last zone of occupation, the bridgehead at Mainz, must be cleared of foreign troops before the end of June, 1930.

The Germans wanted to be able to celebrate complete evacuation by Christmas, but it was contended by the French it would be physically impossible to get all French troops away so quickly.

Beginning of evacuation of that zone, however, will start as soon as the French and German parliaments have ratified the Young plan. Specifically, the French are given eight months in which to accomplish the withdrawal but it is understood that in no case must it go beyond the end of June, 1930.

## McCracken Hurt in Plane Wreck.

Bridgeton, N. J., Aug. 29 (AP).—William P. McCracken, Jr., assistant secretary of commerce in charge of Aeronautics, was slightly injured late last night when an airplane in which he was flying from Cleveland to welcome the Graf Zeppelin at Lakehurst was wrecked in a forced landing near here.

The plane struck telegraph wires, overturned twice and landed upside down. Mr. McCracken suffered a cut knee. The pilot escaped with a sprained wrist.

## "Bomb Trust" Leaders Indicted.

Chicago, Aug. 29 (AP).—A grand jury bomb fused with six indictments spattered in criminal court today, states attorney John A. Swanson, answer to the Chicago's "bomb trust."

Mr. Swanson, himself the victim of a bomb attack just prior to his election, ordered the arrest yesterday of six men who he charges are leaders in the "trust."

## Passenger Lands To Plane in Flight

Cleveland, Aug. 29 (AP).—Moored overnight to a stub mast at Cleveland Airport, the Navy dirigible Los Angeles was pointed to a return cruise to join the Graf Zeppelin at Lakehurst, N. J., today after completing for the first time transfer of a passenger to an airplane while in flight.

The maneuver was performed before 100,000 spectators at the National Air Races yesterday. Lieutenant A. W. Gorton of the navy fastened a hawser stretched between two up-rights on the top wing of his plane to a hook attached to a ladder of metal girders lowered from the keel of the Los Angeles. Lieutenant Calvin Bolster of the Los Angeles crew then descended to the plane.

The experiment had in view the use of two 6,000,000 cubic foot dirigibles being built for the navy which have hangers in their hulls for five fighting airplanes, converting the dirigibles into airplane carriers of the air with their own fleet of fighting ships for protection and offensive combat.

The maneuver climaxed the greatest display of aerial activity yet seen at the races. During the day the largest glider contest ever staged in the United States was held, and Colonel Charles A. Lindbergh again stunted for the spectators.

The expected arrival of the Graf Zeppelin held 50,000 at the airport until long after the last event, but the crowd did not see the ship until almost midnight. The Graf circled the city and airport several hours later than it had been expected to pass over Cleveland, and flew immediately to the east on the way to Lakehurst.

## Agents Arrest 3 At East Durham

Federal agents from the local office on Wednesday executed two search warrants at East Durham. Greene county and seized a quantity of alleged liquor.

At Quinn's Tea Room they found a quantity of alleged apple whiskey and four cases of home brew beer. Thomas Quinn was arrested and when arraigned before U. S. Commissioner Connelly here this morning Quinn waived examination and was held in \$500 bail for Federal court.

At the Winegard souvenir and fountain lunch stand at East Durham the agents executed a warrant and there found a quantity of alleged whiskey, gin and beer. Winegard was placed under arrest on a charge of possession and when the agents found a quantity of liquor in a Buick sedan owned by Carrie Winegard, wife of the proprietor of the place, they also seized the car and arrested Mrs. Winegard. Both demanded a hearing when arraigned before U. S. Commissioner Connelly and an adjournment was taken until Friday afternoon. Winegard recently was in trouble with the Greene county authorities when it is alleged he shot a man. He was arrested on a charge of assault.

## Traffic Lights Now Working

Two Traffic Lights Installed on Broadway Near East O'Reilly Street to be Used When Fire Apparatus Answers Alarm of Fire.

The two traffic lights to halt traffic on Broadway when an alarm of fire is turned in at the Central Fire Station have been installed and are now working. One of the lights has been placed on a pole near the Chamber of Commerce building and the other on a pole near the Torrey furniture store. As soon as the first tap of the fire bell rings in the Central Fire Station these traffic lights will flash red, halting all traffic on Broadway on both sides of East O'Reilly street until the fire apparatus has swung out of East O'Reilly street and into the main thoroughfare.

As soon as the fire apparatus proceeds on Broadway the traffic lights flash out.

## Masonic Club to Hold Barbecue

The outing and barbecue of the Masonic Club that was to have been held this Saturday afternoon at Forsyth Park will be held Saturday, September 14, instead. It was found necessary to postpone the barbecue until a later date. The outing and barbecue promises to be one of the best ever held in Kingston, and those who expected to attend Saturday should bear the adjourned date in mind.

## TWO AUTOMOBILES WERE REPORTED STOLEN HERE.

The police department has been notified that two automobiles were stolen here Wednesday night. Joseph Gallagher of 65 West Union street reported that his Cleveland sedan had been stolen from in front of the New York Telephone Company building. Howard Fauser of 34 Wall street reported that his Packard sedan had been stolen from his home.

## British Control In Palestine

(By The Associated Press).

British army, naval and air forces today held Palestine under control except for marauding bands in outlying villages, after six days of fighting between Arabs and Jews outgrowing out of the religious controversy at the Walling Wall.

Threats of trouble from Bedouin horsemen of Transjordan were reported to have been effectively checked by British soldiers. The population of Palestine, British, Arab and Jewish was being rapidly disarmed.

All essential services, such as telegraphs, railways and telephones escaped undamaged during the fighting. Communication from Jerusalem to Cairo was open by all these means today.

In London the British colonial office complained that reports of the government's policy, attributed to Dr. Weizmann, president of the Zionist executive, after his conference yesterday with Lord Passfield, "fail by reason of their incompleteness and want of accuracy to convey the purport of Lord Passfield's conversations with Dr. Weizmann and cannot be taken as authoritative."

On the Zionist side, Dr. Weizmann charged the Palestine government "clearly has been guilty of gross incompetence."

Travelers arriving in Cairo from Jerusalem described terrible scenes of slaughter of men, women and children in the Arab attack on Hebrew Saturday. Sixty Jews, including fifteen American students, were killed and their bodies mutilated.

## No Danger to American Interests.

Washington, Aug. 29 (AP).—George L. Brandt, American Consul at Beirut, today informed the state department he felt there was no danger to American interests in Syria because of Jewish-Arab troubles. He said that repercussions of the disorders in Palestine had been felt in Syria but had not been serious thus far.

## Responsibility Up to Whelan

Washington, Aug. 29 (AP).—Assistant Secretary Lowman said today the refusal yesterday of Police Commissioner Whelan of New York to cooperate with the prohibition bureau in closing speakeasies and road houses under a New York state nuisance statute placed the responsibility for their operation upon the commissioner.

The prohibition bureau has enlisted the cooperation of district attorneys in upstate New York in proceedings against liquor sellers under the state nuisance law. Police Commissioner Whelan yesterday notified Administrator Campbell in New York city the police would not take up the cases.

"I have read the statement of Police Commissioner Whelan," Lowman said. "Section 1530 of the penal law of the state of New York is not a federal statute but a New York state statute. The New York court of appeals in the case of The People against Albert Van De Water held that speakeasies in road houses should be suppressed as nuisances."

"The federal prohibition bureau has no authority to compel district attorneys and peace officers to perform their duties under this law but if they fail to do so and such road houses and speakeasies are permitted to run, the responsibility is theirs."

## Rath Elder Weds Tomorrow

New York, Aug. 29 (AP).—Walter E. Camp, Jr., announced that his marriage to Miss Ruth Elder will take place in New York tomorrow. ## Sleeping Sickness in Japan.

Tokyo, Aug. 29 (AP).—Sleeping sickness prevalent in southwestern prefectures has continued to spread, particularly in the prefectures of Kagawa and Hiroshima. A total of 249 cases with 136 deaths was reported today.

Lakehurst, N. J., Aug. 29 (AP).—Flying around the world in one of the greatest exploits of flying history, the German dirigible Graf Zeppelin settled to earth at 7:13 o'clock, E. S. T., this morning, just 21 days, seven hours and 33 minutes after leaving here on her 29,000 mile journey.

Actual flying time, deducting the time spent on the ground at Friedrichshafen, Tokyo and Los Angeles, the only stops that were made, was 11 days, 23 hours and 14 minutes, both flying and elapsed time breaking all previous records.

The previous record for elapsed time around the world was made last year by John Henry Mears and C. B. D. Collier, who used planes over land and ships across the Atlantic and Pacific. Their time was 23 days, 15 hours and 21 minutes.

The weather was perfect as the Graf reached the end of the first flight around the world of a lighter-than-air ship. A warm morning sun shone on the great bag's silvery sides as it floated in from the north after a visit to Manhattan. Lazily it circled over the field, a crowd of some 5,000 persons racing along the ground to be close to the landing, and pointed its nose downward.

The ship overshot the landing crew of 450 sailors and marines and they had to scamper across the field after the dragging ropes, which were lowered to the ground at 7:07. Once they had hold of them the operation of lowering the dirigible to the ground was performed with expert precision.

As the Graf was being hauled down Dr. Hugo Eckener, its veteran commander, waved from a cabin window and Lieutenant Commander Charles E. Rosendahl, U. S. N., who made the entire world trip, leaned out beside him to wave a gray scarf to the crowd below.

## No Excitement.

The crowd was handled without any trouble by well drilled sailors and marines and the whole scene was one of complete lack of excitement.

As the ship touched the ground William B. Leeds, one of the Americans to make the world journey, appeared at the open cabin door and beckoned with a bill to a newsboy. After several futile attempts the boy managed to duck through the marines, delivered his paper and came grinning back with the bill.

The landing was made at 7:13 and 7:40 it was safely berthed in the hangar.

The passengers were kept in the cabin of the ship until after it was taken into the hangar and were given customs and immigration inspection supplementary to that made at Los Angeles. A special train was waiting to take them to New York as soon as this formality had been completed.

The Graf left Lakehurst on its great adventure at 11:40 p. m., August 7. The 5,800 miles from Tokyo to Los Angeles was covered in 78 hours and 58 minutes and the last leg, which was completed today was begun with less than a full day spent in refueling.

In getting away from Los Angeles the Graf had difficulty in gaining altitude and even after dumping out canned goods to lighten its load it dragged its tail over some high tension wires, which luckily did not ignite the millions of cubic feet of explosive hydrogen gas in the great bag. After the ship was berthed to day it could be seen that the wires had crumpled the under edge of the rudder but there were no signs of any burns. It was this same sort of accident some years ago that caused the explosion of the dirigible Roma.

## TABASCO HEIGHTS.

Tabasco Heights, Aug. 29.—One of the most enjoyable events of the season was held at the home of Mr. and Mrs. Frank Beesmer at Kerhonkson Monday evening, August 26, when a group of number of his friends and relatives gathered to celebrate Mr. Beesmer's 45th birthday. Games of various kinds were played by both young and old until 12 o'clock when a buffet lunch was served by Mrs. Beesmer. Mrs. Rose Horn and Mrs. Malissa Beesmer, consisting of sandwiches, cake, salads of different kinds, ice cream and lemonade. In the middle of the table rested a beautiful birthday cake made by his mother, Mrs. M. Beesmer of Worcester, and Aunt Cornelia Beesmer of Walden, a candle representing each year burning on it. Everybody departed for their homes in the wee small hours wishing Mr. Beesmer many more happy birthdays. Those present were Jack Greese, Mrs. Alvin Muller and daughter, Edith, Miss Mary Doyle, Mr. and Mrs. Irving Van Vleet, Jr., and son, Francis, Mr. and Mrs. Oscar Mackey and mother, Mrs. Amy Mackey, all of Kerhonkson, Mrs. E. J. Crawford of Rochester, Center, Mrs. Julia Kelley of Kingston, Mrs. Cornelia Beesmer of Walden, Mr. and Mrs. Ralph Hornbeck, Mrs. Julia Hornbeck, Miss Grace Hornbeck and Homer Hornbeck of Leibhardt, Mr. and Mrs. Asa Wynkoop of Tabasco Heights, Mrs. Rose Krom of Worcester and Mr. and Mrs. Frank Beesmer of Kerhonkson.

Ralph Palen returned to his home in Kingston on Saturday after spending two weeks with his aunt and uncle.

A number of our people attended the fair at Ellenville Saturday night. Most of the city people have left for their homes.

**FREEMAN WANT ADS BRING RESULTS!**

# Now for the first time A Premium Gasoline plus Ethyl

The already famous Socony Special now contains Ethyl fluid. You get a "zero knock rating" plus the highest-quality premium gasoline.

**THE DEBATE** about gasoline quality is settled. You can prove every statement in this advertisement by the simple method of buying ten gallons of gas and driving your car in and out of traffic, up and down hill.

A gasoline has been produced so different that you can feel the difference.

These are the facts:  
We began marketing Socony Special two years ago. It was the finest straight-run gasoline that could be made. Thousands of motorists discovered that it was better and gladly paid the extra cost.

We have taken this same Socony Special and done the one thing that could be done to make it perfect. We have added Ethyl fluid at extra cost to ourselves but no extra cost to you.

Ethyl fluid is the only preparation as yet

discovered by science which will remove the knock from gasoline. Add enough of it to any gasoline—good or bad—and that gasoline will be knockless. It will, as scientists say, have a "zero knock rating."

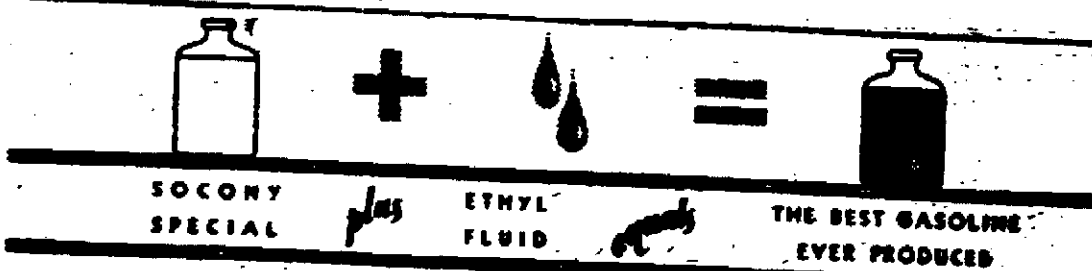

A poor gasoline can have a zero knock rating and still be a poor gasoline. But when a good, clean, smooth-burning gasoline, a premium gasoline such as Socony Special, has a zero knock rating, then you have the most perfect fuel that can be produced.

**Prove What We Say. Your Car Will Stand Up and Shout.**

## What ETHYL is

Ethyl fluid is the standard anti-knock compound, containing tetraethyl lead. It was developed in the General Motors Research Laboratories to meet the needs of the present-day high-compression motors.

Remember, it is the basic gasoline to which Ethyl fluid is added that determines the ultimate quality of an Ethyl gasoline. The Socony Special which you have been using was a superior high-compression gasoline. With the Ethyl fluid added, this new Socony Special will make old cars run like new cars, and will make new cars perform in a way that you have never known before.

## Comtort is the new mode

GONE are the days "when grandma was a girl." No longer do we rise to find ice in the pitcher on winter mornings. Bathing does not depend on kettles of hot water from the old stove. Nor light upon kerosene oil lamps.

People's ideas about comfort have changed in the last few years. A house heated evenly and comfortably in winter, a bathroom or two, lots of hot water, light at the turn of a switch—these are in every home today.

Another item in the mode of com-

fort which is being more and more insistently demanded is—adequate telephones. Americans learned long ago that they couldn't get along without a telephone.

Not merely a telephone, but enough telephones. Not a single instrument, but extension telephones at convenient locations throughout the home—in the living room, in the kitchen, in the bedroom—to afford the maximum of comfort and the greatest usefulness of this indispensable service.

Our Business Offices will be glad to talk to you about the telephones in your home—where to place them, how to use them so that you get the fullest return in comfort and convenience.

## Lady Heath Hurt In Plane Crash

Cleveland, Aug. 29 (AP).—Lady Mary Heath, famous British pilot, was seriously injured here today when her plane crashed.

Accounts of the accident, which occurred on the eastern edge of the city, were lacking. Lady Heath was rushed to a hospital.

The plane, according to reports to police, went through a factory building.

Spectators to the crash said that she "was seriously injured".

Irwin Kirk, 25, who was flying with Lady Heath, also was injured, but not seriously.

## Crepe de Chine Makes Raincoat for Travel

A raincoat for packing into a small suitcase is made of crepe de chine and looks at a glance like any afternoon coat. The collar fits high in back and ends with a full scarf that is worn thrown over the right shoulder. The sleeves are not too full and are finished with a puffed cuff that has a snugly fitting wrist band. Although the general cut favors straight, slender lines, the bottom part is made of a circular or flaring flounce, which is highly flatterring. A narrow belt carries out the new waistline. This coat is lined in a contrasting color and may be had in navy blue, black, dark green and brown.

One of the new large pouch bags for use during the warm weather is made with or without thumb loops. The bag has no frame, the sides coming in to conceal an inside flap, which covers an inside section holding a change purse and mirror.

## Frock of Long-Sleeved Type for Dinner Wear

Enter the formal long-sleeved dinner frock! This new adaptation promises to win popularity, because it has many virtues to recommend it. Chief among these virtues is the increased gracefulness which sleeves add to trailing hem lines, floating panels and swathed hips. One charming frock of the long-sleeved type was fashioned of natural colored lace as to bodice and hip band; dark brown lace made the skirt and bolero. Another, of bright red starched chiffon carried seamed panels extending in loose crisp flares to the ankle. With the dress was worn ornate brilliant jewelry and black satin slippers.

## Navy Blue Is Suitable for Little Girls, Misses

Navy blue is always well chosen for little girls and their big sisters, and this year a rather bright shade of navy blue—not bright enough to be royal blue—has come into favor among well dressed women for summer resort wear.

An eighteen-year-old girl recently looked especially attractive in a two-piece suit of this clear navy blue, the jacket lined with candy striped silk and the blouse of fine white linen. With this were worn beige stockings, black patent leather shoes and handbag and a natural straw-colored hat with a black ribbon band.

## KINGSTON ADVENTURERS AND ANTIQUE CAR RETURN

Pistol-lock muskets, long since have become rusty, Indians have migrated westward and tales of their depredations have been forgotten and horses have become extinct as a form of transportation in and about the famous towns and villages of the Hudson river and Catskill Mountains, but the spirit of adventure that permeated those hardy adventurers and pioneers of early days, hasn't diminished in the least in this modern age.

Five red-blooded Americans, apparently after having completed a stirring novel by James Fenimore Cooper, the night before, arose yesterday morning in Kingston as Old Sol was poking his head over the dark mountain tops, for a dash across New York state to Canada, in a touring car of 1924 vintage. And it was a dash, too, for the quietest and bus rolled up at the tourist camp office at Kirk Park

early in the afternoon, after having travelled 200 miles.

The car no doubt was sound under hood and chassis, but from the outside it reminded one of an Indian, bedecked in grim war paint, for it was painted in a reddish brown, superimposed with epithets and terms arranging from "Be careful—air brakes" to "Come seven, baby needs a new Goodrich".

Camping paraphernalia, suit cases, cooking utensils and a tent was strapped to either side of the painted automobile and one lone spare reposed on the back. Inside there were five happy and jovial lads, although somewhat fatigued from their long dash.

Norman Spinnenweber and Roland Meyers were the pilots of the expedition to Canada, while Fred Burnett, Justin Black and Walter Fitzpatrick lounged in the rear seat during travel and labored, during stops.

The lads pitched their tent alongside the car last night, prepared their meals and turned in for a much-needed night's rest. They planned to leave early for other

points northwest of Kingston.—Syracuse Post-Standard.

South Rondout, Aug. 28.—The boys have since returned safely home and said their trip was one to be remembered, for the courtesy of the people in the towns they passed through. There was very little car trouble and no flat tires on the "Lizzie".

The beautiful scenery of our state and the falls viewed from the American and Canadian side they found unequalled, but when at last they wended their way homeward no sight compared with the little village that contained "home sweet home."

Morgan Hill, Aug. 29.—Electricity is being installed and many other improvements made at Miss Anne Kreyer's place, "Rockledge".

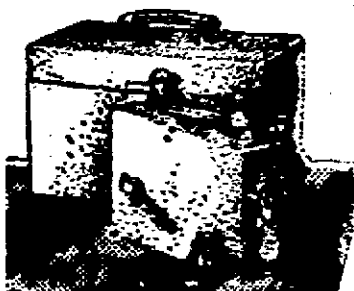

Mr. and Mrs. A. Barthel and daughter, Elsie, have returned from a vacation trip to Montreal, Canada, and other points of interest.

Mr. and Mrs. Edward McCormick, who have spent their vacations here for several years, are again at Mr. and Mrs. Charles Wiseland's. A party of vacationists from a nearby boarding house, soon to leave for city homes, spent an evening this week at the home of the Misses Foster. Among those present were Mr. and Mrs. Edward McCormick and niece of Brooklyn, Mr. and Mrs. Walter Dunham and daughter, Adelaide, of Wood Haven, L. I., Mr. and Mrs. Charles Berberich of New York city and Mrs. Helene Ruhr and son, George, of Jersey City. Mrs. Dunham added to the evening's pleasure by her brilliant piano playing, and her talented little daughter, 10 years old, sang several solos. The crowd sang, "Till We Meet Again," and upon

leaving, the hope that all may meet again next summer was voiced on all sides.

## SAMSONVILLE

Samsonville, Aug. 29.—The annual picnic of the Samsonville Sunday school will be held in the M. E. hall on Saturday, August 31, afternoon and evening. Dinners will be served for the Sunday school at 1 p. m., standard time. All are requested to bring their lunch and put it on the tables. Suppers will be served from 6 p. m., standard time, until all are served. Plenty of refreshments will be for sale. The ladies of the church extend an invitation to all. Proceeds for the benefit of the M. E. Church. Rain or shine. Edna M. Davis and Mrs. D. C. Van Euten cleaned the hall on Tuesday afternoon. Florence Barringer, who is employed at The Vly, called on her parents Sunday evening. Mrs. M. Gruebel and family who spent the summer in this place, returned to their home in Plainfield, N. J., Wednesday.

## St. Louis Will Speed 10 Balloons In Quest Of International Trophy; U. S. Lists Three In Race Sept. 28

Among the leading pilots to participate in the international balloon races from St. Louis September 28 will be (left to right) Ward T. Van Orman, Lieut. Thomas G. W. Settle, Thomas G. W. Settle, and Capt. W. E. Kepner, Americans, and Ernest Demuyter of Belgium. Preparations of the bags means such a scene as this, taken at Pittsburgh last spring. An indication of the gas needed in one of the monsters is shown in inset.

By ALLEN QUINN

Associated Press Aviation Editor  
St. Louis (P)—Ten balloons, representing the United States, France, Germany, Belgium, Denmark and the Argentine, will soar away from St. Louis September 28 in quest of the international Gordon Bennett trophy. It will be the eighteenth of the international balloon races and the third to start from St. Louis. Seven of the races have been won by the United States and five by Belgium, which gained permanent possession of the original Gordon Bennett trophy with its third straight victory in 1924.

The United States became permanent possessor of the second trophy with victories in 1926, '27 and '28.

Now, the third of the Gordon Bennett trophies is up, with three American airmen seeking to gain the first leg on it.

Capt. W. E. Kepner, pilot, and Lieut. W. O. Barickson, aide, of the

army air corps; Lieut. Thomas G. W. Settle, pilot, and Ensign Wilfred Bushnell, aide, of the navy; and Ward T. Van Orman, veteran civilian balloonist and an aide are the American entrants.

Against them will be pitted the lone Belgian entry, Ernest Demuyter, who is seeking his fifth international victory. Demuyter is the only balloonist to have won the Gordon Bennett race more than once and his string of three victories in 1922, '23 and '24 won permanent possession of the first trophy for Belgium.

France has two entries, Germany also has two, and Denmark and the Argentine each have one.

Because St. Louis is in the central part of the country, new distance records for balloons are expected if weather and winds are favorable. The present record is 1,331 miles, made in 1912 by M. Bienaimé of France, who soared from Stuttgart, Germany, to Moscow, Russia, in 46 hours.

It is likely the balloons will sail to the eastward from St. Louis, or at least land to the eastward. Ninety-five per cent of the balloon flights in this country, the aerological section of the army signal corps reports, land to the eastward of their starting point because the prevailing winds in the higher altitudes are westerly.

Lieutenant Settle and Van Orman won their places in the international event in the 1923 national elimination race from Pittsburgh last May, which Settle won. Van Orman is a veteran of many balloon contests. He has won four national events and the international race in 1926.

The tragic death of his aide, Walter W. Morton, who was killed by lightning in the 1923 national elimination race, inspired Van Orman to invent a lightning arrester device with which his balloon will be equipped in the Gordon Bennett event.

### FOREST FIRE EXPLODES GUN OF LONG DEAD TRAPPER

Great Falls, Mont., Aug. 29 (P).—The skeleton of a trapper, undisturbed perhaps for half a century, was uncovered by a forest fire in the Lewis and Clark forest, when the charges in the dead man's gun were

exploded by the heat.

Fire fighting crews heard the explosions, but were unable at the time to investigate because of the flames. The fire was controlled yesterday and the curious men returned to the spot where they heard the shots.

They found the skeleton of the man, who apparently had been killed by an animal where he had made his

camp.

Beside him was a rifle bearing the date 1872 and an iron skillet. A salt shaker, rusted and broken, and a bottle of poison of a type used by trappers, also were found.

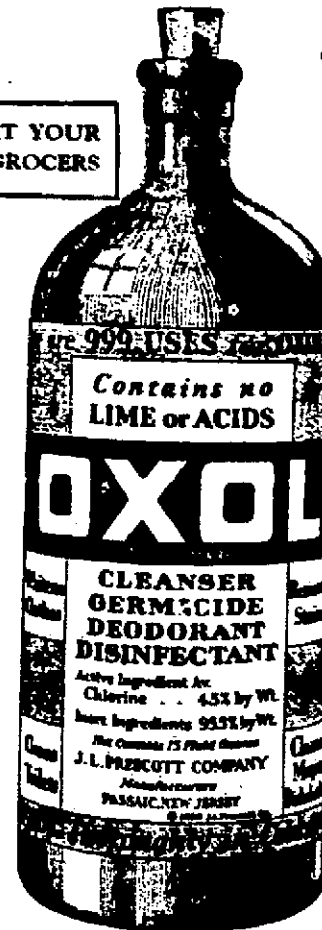

An elevator operator in East Okla. has discovered a new use for an airplane propeller. He hooked it to a tractor to dry wheat.

## CYCLONES BREED IN "AIR FAULTS"

Disturbances Caused by Failure of Atmospheric Strata to "Fit"

Berkley, Calif.—The cyclones of the Far Western states frequently breed in a little known atmospheric fault of the western coast.

This fault, caused by failure of two atmospheric strata to "fit," is usually defined during the warm summer months and not infrequently advances eastward. While advancing it produces within it many of our cyclones that are first observed in the summer season, over the Far Western states.

The "West Coast Fault" was reported on by E. H. Bowie, meteorologist in charge of the United States weather bureau at San Francisco, recently at the meeting of the American Meteorological society here. The society met in connection with the conference of the Pacific division of the American Association for the Advancement of Science.

Formation of Fault.  
"The two masses of air involved in the formation of the fault," Bowie said, "are the hot, dry air of the interior of the Far West and the cold, humid air of the waters of the western coast. This surface of discontinuity is not always in evidence, but once having been obliterated, it forms very quickly again."

"Owing to the peculiar atmospheric conditions on the west coast, the formation and eastward movement of this fault is not attended by the formation of cyclones except in the Far North, where, more than likely, one will form its center first appearing over British Columbia or Alberta, Canada. The completion of the fault, and its eastward movement are announced by the draft of cool air, the incoming of sea fog and a complete change in the regime that existed prior to and during the time when the fault was in process of formation."

Breed Cyclones.  
Speaking of these "faults," or discontinuities in the earth's atmosphere, Bowie said that they are doubtless breeding places of cyclones and other disturbances, but it does not necessarily follow that all such that intersect the earth's surface are breeding places of cyclones.

"Nevertheless," he said, "they are all places where striking contrasts in humidity, pressure and wind direction and velocity, both in the horizontal and the vertical are found."  
They are counterparts, in a sense, of geological faults, he pointed out. The accurate forecasting of changes resulting from the formation and degradation of the west coast fault calls for great skill on the part of the meteorologist, he said.

### Claims Record Newsboy

Career; 33 Years at It

Mobile, Ala.—Charles "Shorty" Wilson, forty-two, claims his continuous service as a newsboy for thirty-three years is a record in his "profession."

Wilson, whose home is in Brooklyn, N. Y., sold papers at the Jersey City ferry landing when Sharkey had his "ribs knocked in" during the Sharkey-Corbett bout.

He sold newspapers in Washington when McKinley was assassinated.

He has sold the news of every important event for the past third of a century and expects to continue as much longer. His cry of "Hey! Hey! Got it all," has been heard in almost every large city on the continent.

Just at present "Shorty" has a prominent corner in Mobile.

### St. Louis Plans Airport

by Straightening River

St. Louis, Mo.—By straightening the Mississippi river for a distance of five miles, St. Louis can secure a river front park of 4,000 acres with an airport at the very doors of the downtown business section, a bathing beach, golf course, harbor for small boats and a two-and-a-half-mile riverside drive, according to E. J. Russell, chairman of the city plan commission.

### Rainbow Trout Travels

Many Miles in 60 Days

Manistee, Mich.—A rainbow trout 23 inches long, tagged on April 24, 1922, and released near here by the conservation department, has been captured by a Kenosha (Wis.) fisherman. The fish in the 60 days had traveled at least 140 miles, if it crossed the lake in a straight line, and nearer 500 if it followed the shore line.

### Man Falls to Death

From Bed on Roof

New York.—Peter Donahue, twenty-one years old, returned early in the morning to his home and wanted to sleep on the fire escape of his first floor apartment. His wife, Nora, would not let him, so he climbed to the roof, where he had a hammock six feet from the edge. As hour later his wife heard a noise in the yard and looking out saw her husband's body. He had been killed instantly.

**Nothing Against Him, Say All of Them, Except Back Payments.**

Chicago.—Are these all your wives? asked Judge Joseph Burke. There was consternation in the courtroom. The mystic name of Angelo Antonio Angiolis, called by the court clerk, had brought eight from three corners of the room. Three comely women hastened to the judge's bench and cast smiles of approval on a little, weary man—Angelo A. Angiolis.

The prisoner stood patiently. A charm radiated from him, enfolding the group in common harmony. Yes, these were—or had been—his wives. One had given him \$15,000. He ran away soon afterward. Another he owed back payments of \$15 a week. The other had boarded him free.

Yet what peace there was between them! The women smiled cordially at each other—and at Angelo. What was a matter of mixed children, court orders, back payments, divorce? Little Angelo, with sleek black hair and soft smile, seemed to dissipate anger.

Called Male Peggy Joyce.

"You are a Romeo, a Peggy Joyce among men," said Judge Burke, "but public opinion and the law seem to disapprove of your ability."

Well, there would have to be a lot of questions. Finally the judge got it straight. Here stood Mrs. Ranghild

**Plane Shuttle Forced Down**

Cleveland, Aug. 29 (AP).—The transcontinental mail plane Shuttle was forced down when struck by a 5-gallon can of oil during a refueling contact here late last night while on a return flight from New York in an attempt to establish a record for sustained and linear-distance flying.

Captain Ira K. Eaker, pilot, immediately made an effort to secure permission to reattempt the flight, he said today, and expected to take off late today or tomorrow if the second flight is approved.

The plane was not damaged in landing, and neither Eaker nor his copilot, Lieutenant Bernard Thompson, was injured. Eaker said early today that he brought the plane down under the impression that an oil line had broken when the can, ripped in the fall from the refueling

# VEEDOL WINS!

## Proves Supreme on Longest, Hardest Test ever given a motor oil

The judgment of the Zeppelin's engineers . . . in construction, in motors and equipment, in the choice of motor oil . . . now carries conviction to every corner of the world.

Uncounted millions of motor-minded people have heard those five Maybach motors humming perfectly under VEEDOL's film of protection . . . singing their endless song of flawless lubrication . . . and VEEDOL, the motor oil used in all the amazing flights of this great air liner, has become almost as famous as the name of the Zeppelin itself!

For VEEDOL gave a flawless performance on the first historic flight of the Zeppelin to the United States . . . and return . . . On the second flight . . . and return . . . On the long swing over the Mediterranean . . . and return . . . And finally, on this greatest voyage in the history of aviation . . . around the world. No more convincing tests of motor oil quality have ever been made.

Road test or air test . . . VEEDOL turns each into a conclusive victory! And if you will fill your car tomorrow with this same VEEDOL, in the proper grade, you will give your motor the same protection . . . the smoothness . . . and the same brilliant performance that made the flight of the Graf Zeppelin possible.

**CITY TREASURER'S OFFICE**  
Special Assessment.

Notice is hereby given that I have received the warrant for collection of the special assessment of 75 per cent of the expense incurred in the construction of a Sanitary Sewer in Lonsbury Avenue, commencing at the existing sewer in Lonsbury Place and Irving Place and running thence through Lonsbury Avenue and Lonsbury Place to Taylor Avenue a distance of 268-8-10 feet.

The same has been left with me for collection at my office in the City Hall, in said City, that for thirty days from the date of this notice the said assessment may be paid without additional fees or charges, and that for the twenty succeeding days two per centum additional will be collected.

If any of the said special assessment shall remain unpaid at the time last mentioned, I shall give a written or printed notice to the person or persons against whom such assessment stands charged requiring them to pay such unpaid assessment to me at my office within thirty days thereafter, with five per centum fees thereon and one dollar for such notice as required by the City Charter.

Dated at the Treasurer's Office, City of Kingston, N. Y., August 22, 1929.

**So Hubby Can Rest Easy**

Seattle, Wash.—So that her late husband might "rest better" an unidentified woman is paying Mrs. Evelyn Ford, through small weekly payments, for 40 chickens her husband took from the Ford chicken house 20 years ago.

A mysterious letter was found by Mrs. Ford in her mail box. It was addressed in the scrawling handwriting of an aged person and read:

"Mrs. Ford: A long time ago my man took chickens three times from your place. Now he is gone and the children and I think he might rest better if you got some money for them. Just a little each week maybe."

Each week, following receipt of the letter, one, two or three crisp one dollar bills have reached the Ford home by mail.

## MARLBOROUGH

rich building on Western avenue, occupied by the Sundstrom Motor Company, will be ready for occupancy by October 1 according to present plans. The wing is an answer to a demand for more room and workmen have been busy on the job for some time. It is of brick to correspond with the material of the main building and will be two stories in height, constructed on the east side. Adam Knaust, local builder, has the contract and his crew is making fast time. Sundstrom Company will use both stories. The second story will be used for a work shop by mechanics while the first floor will be used for storing cars.

The Misses Elizabeth Allen and Marie Hannigan of Jersey City are spending a week's vacation with friends here.

Mrs. Luther Fredericks, Arthur Fredericks and Mrs. Agnes Burnham spent Wednesday at Indian Point.

Mrs. John Barker and two daughters, Barbara and Dorothy, went to Indian Point on Thursday with members of the Highland M. E. Church Sunday School. It was the annual picnic excursion of the school.

Mrs. William Linsig and daughter, Helen, and Howard Hart of Hopewell Junction, with Mr. and Mrs. William Linsig, Jr. of Poughkeepsie, visited Mr. and Mrs. Raymond Linsig Monday evening.

George L. Lane was given a party at the home of his parents Mr. and Mrs. George H. Lane last Saturday in celebration of his ninth birthday. Nearly thirty young friends were present.

Mr. and Mrs. Irving Scott of Poughkeepsie were recent guests of Mr. and Mrs. Fred Fowler.

Mr. and Mrs. Olof Sundstrom and family have returned home after spending two weeks at Big Moose in the Adirondacks.

Mr. and Mrs. Andrew Knapp and daughter, Evelyn, and Herbert Sundstrom spent the week-end at Cooper Island.

Mr. and Mrs. Calvin Staples, Jr. and daughter, Betty, spent the week-end visiting in the Bronx, New York city.

Marlborough and Milton men show three kinds of fruit at an exhibit at the State fair at Syracuse. Among the Milton and Marlborough growers who have contributed the fruit in large quantities are William V. and H. T. Velle, Mr. Conway, L. W. Craft, Walter R. Clark, C. J. Hepworth and E. M. Clark, Jr.

Mrs. McCaulley, mother of Mrs. Herbert Sears, is quite ill at the Sears home. Three other members of the Sears family are suffering from summer grip.

Applications for physical training instructor in the Marlborough high school have been received but no action has been taken on them or any real effort to locate a new instructor made. This is due to the fact that the majority of the school board are out of town at this time. Consequently the M. H. S. may be a little late this year in securing a physical instructor.

James Hunter and Chester Albertson are attending the State Fair.

R. Robson of New York city spent the week-end with his family here.

Mr. and Mrs. D. S. Hutchins, have returned home from spending several weeks at their camp at Lake George.

Mrs. C. G. Clark and daughter, Helen, and Mrs. Gedney Mackey, Jr. of Milton and children spent Saturday afternoon in Newburgh.

Mr. and Mrs. William Tierney and daughter, Miss Zeta, of Newburgh spent Tuesday evening with their daughter and son-in-law, Mrs. P. Manion.

Andrew Knapp has been busy for the past two weeks taking census of school children in District No. 3. He

## Eat Everything without Fear of Indigestion

Are there lots of foods you can't eat—for fear of gas, bloating, pains in the stomach and bowels? Do you have to pass up favorite dishes—while the rest enjoy them? That's a sign you need Tanlac! For more than 10 years Tanlac has restored to vigorous health thousands who denied themselves their favorite foods just as you have to.

As an example, Mr. Samuel Cooper, of 10 Hanford Landing Road, Rochester, N. Y., writes: "For five years my stomach caused me untold agony. Now I can eat anything and I get up feeling fine."

If you suffer from indigestion, gas, dizziness, headaches, constipation or torpid liver—give Tanlac a chance to help you! The first bottle often brings the needed relief.

Tanlac is a good, pure medicine, made of roots, barks, and herbs that are recognized by the United States Pharmacopoeia. Get it from your druggist today. Your money back if it doesn't help you.

STATE OF NEW YORK  
DEPARTMENT OF AGRICULTURE AND MARKETS, ALBANY  
NOTICE AND ORDER  
CATTLE-TOWNSHIPS OF ROCHESTER AND WAWARISING, COUNTY OF ULSTER

NOTICE is hereby given that the disease known as bovine tuberculosis has recently existed in the townships of Rochester and Wawarsing, in the county of Ulster, N. Y., and that a large majority of bovine animals in the said townships of Rochester and Wawarsing have been subjected to the tuberculin test and the tuberculous animals disclosed thereby removed and slaughtered.

NOTICE THEREFORE, I, BERNE A. FRYK, Commissioner of Agriculture and Markets, State of New York, by virtue of the power conferred and duly imposed upon me by the provisions of the Agriculture and Markets Law, for the purpose of suppressing bovine tuberculosis and preventing its spread, and particularly to prevent its re-introduction into said townships of Rochester and Wawarsing.

DO HEREBY ORDER THAT NO BOVINE ANIMALS SHALL BE SHIPPED, DRIVEN OR TAKEN INTO ANY MARKET, FAIR, BAZAAR, EXHIBITION, OR BARGE BROUGHT INTO SAID TOWNSHIPS OF ROCHESTER AND WAWARISING.

A written permit issued under the authority of the Commissioner of Agriculture and Markets has first been secured. Application for such permit should be made to Dr. Howard F. Fleming, Gardiner, N. Y., County Veterinarian of Ulster County, or his successor in office.

No permit will be issued unless the animals are within one of the following classes, proof of which, in the form of tuberculin test chart, must be made to the above named County Veterinarian:

1. Animals from a modified accredited herd.
2. Animals from a fully accredited herd.
3. Animals from a herd under official supervision.
4. Animals from herds under official supervision, but not included in Class 2.
5. Animals which have passed an official test with less than 25 per cent. reactors within the sixty days immediately preceding the application for permit.
6. Animals not included in the above mentioned classes 1, 2, 3, or 4, which have passed a tuberculin test with less than 25 per cent. reactors, applied by an accredited veterinarian within the sixty days immediately preceding the application for permit.

THIS NOTICE shall be published by post, in a copy of the same printed on cloth, 11 inches by 22 inches, in eighteen and twenty-four inch format, in at least ten public places in said townships of Rochester and Wawarsing and by publishing once in "The Freeman," a newspaper published at Kingston, N. Y.

week. The task was rather a stiff one this year due to the fact that so many visits had to be made to one place before people could be found at home.

Mrs. Robert Tucker of Astoria, L. I., spent Tuesday at the home of her brother, J. T. Weed.

Work on the new concrete road between Marlborough and Newburgh is being pushed forward rapidly by the Waterbury Construction Company. Much has been accomplished since they started work about a month ago.

Mr. and Mrs. W. Y. Velle returned last week from a trip to Toronto, Canada, where they attended the apple shippers convention held at the Royal York Hotel in that city. Delegates and growers came from all over the United States and from foreign countries.

Mr. and Mrs. Elmer Craver of Newburgh spent the week-end with Mrs. Craver's parents, Mr. and Mrs. E. J. Downer.

James Cooney of Jersey City spent the week-end with his parents, Mr. and Mrs. John Cooney.

Mr. and Mrs. Henry Kramer of Brooklyn is visiting Mr. and Mrs. John H. Kramer.

Mrs. Carl Connor and daughters, Mrs. Mae Terpening and Miss Anne Connor of New York city called on Mrs. Thomas Newell on Saturday.

Leroy Davis has been given the contract for the carpenter work in remodeling the large new building at Milton purchased last month by Will Plank of the Marlborough Record Press. The building only used for a few weeks after its construction three years ago, was originally designed for use as a woolen mill and various changes and improvements are to be made in it.

Earl Mackey of New Paltz spent the week-end at his home here.

Miss Margaret Smith of Newburgh

spent Sunday as the guest of Mrs. Mary Dugan.

Harold Quimby of New Jersey spent the week-end here with his family.

Mrs. Will Plank spent Wednesday and Thursday in Brooklyn with her mother and sister-in-law, Mrs. Elizabeth R. Hendz and Mrs. Edeline Hendz.

Edward McCarthy entertained friends from Chicago recently.

John Benjamin spent the week-end at his home here.

When trout were boiled in the streams.

West Shokan, Aug. 28.—Speaking of dry seasons, the late Rev. Jacob C. Happy once told the writer that the year 1854 was noted for its aridity. In those days the mountains

were covered with slashings from the hemlock trees, cut for the bark only. The dry trunks and limbs making fuel for forest fires.

Mr. Happy stated that at the time in question the mountain territory in much of the town of Shandaken was burned over and that the streams were so low that he had seen trout in the pools along the valley streams literally boiled in water three feet in depth from the heat of the intense flames which swept the timber along the banks. He drove a horse and wagon from home in Wittenberg to Shandaken when a deer and a cow were with a mob.

Nicolas Hirtshagen, an Italian shepherd boy, grew tired of his cattle's depredations upon his lands. He tethered a lamb aside a post for in Wittenberg to Shandaken when a deer and a cow were with a mob.

the fire quite reached both sides of the roadway. Forest fires in the years gone by were taken more or less as a matter of course. There were no expensive fire warnings warning the farmers for the first sign of smoking in the pine woods. By great headwork was gained before and considerable assistance was offered.

## Miss Gasool at Rotary Luncheon

An American Student's Impressions of the Student Life of France, was the topic discussed by Miss Anna Gasool, the speaker at the Rotary Club luncheon at the Governor Clinton on Wednesday. Miss Gasool will be remembered as having after being graduated from Kingston High School with highest honors completed the four years' course at Cornell in three years, won her M.A. degree in another year of post graduate study at Cornell and then had been awarded a scholarship in a school in Paris, where she has spent a year.

The French, she said, seemed to expect little but frivolity from American students and were surprised at the earnestness indicated by coming to the school with a full equipment of text books. French schools have a multiplicity of rules—so many and so varied that it is impossible to avoid infraction. When one inquires the reason for these rules the reply usually is that they are a part of the tradition of the school. Many of the rules seem to have no other reason for existence.

The talk was listened to with closest attention and was greatly appreciated by the Rotarians.

Visitors were present from Boonville, Saratoga Springs, Poughkeepsie, Hoboken, Port Jervis, Hornell, Hudson and Passaic. Among the visitors was Stanley Osborne of Saratoga Springs, under whose leadership the singing had something of the vim of days gone by.

The budget for the coming year was adopted and there was an announcement of much mystery connected with an evening meeting to be held at the Boy Scout Camp on September 18, to which Rotarians may bring their friends, both ladies and gentlemen.

## THIEVES WHO ROB WOMEN ARE FLOGGED

### Britain Adds "Cat" to Jail Sentence.

Liverpool—News reaching here to the effect that some members of the New York state crime commission advocate whipping as part of the punishment for certain sex offenses perpetrated against women and children makes English crime experts ask why the punishment is not advocated for robbery with violence, especially when women are the victims, as it is sometimes inflicted in England, although England does not punish sex crimes with flogging, except in rare instances.

On the other hand, American crime experts who know that whipping does not always prevent a criminal from repeating a particular crime may well ask why in exceptionally vicious cases of robbery of women with violence in England the term of imprisonment is always disproportionately short, even when the whipping is taken into consideration.

### Twelve Strokes of "Cat."

An example of what the average American criminal court would regard as an absurdly light imprisonment, even in view of the whipping, was furnished by the sentence of Albert Grunshaw, twenty-six, to twelve strokes of the "cat" and six months' imprisonment when he caused his woman victim excruciating pain by throwing pepper in her eyes, after first firing two blank cartridges in her face at a distance of two feet, which might well have blinded her for life.

The sentence was imposed by Justice Charles at the Liverpool Assizes for an attempted robbery of the funds of the sub-post office in Bolton road, Lancaster. The six months' imprisonment, by the way, will be served in the "second division," where prisoners have many more privileges than if they were given that form of sentence.

Grunshaw went into the sub-post office just as Miss Elizabeth Ellen Cottam, the postmistress, was closing. She had counted her receipts, about \$135, and they were on the counter. Grunshaw asked for a money order. Miss Cottam was handing it to Grunshaw when he produced a sporting pistol used for starting races and loaded with blank cartridges. He fired two shots into the woman's face and then threw the pepper, which blinded her and caused the horrible pain.

Miss Cottam screamed but did not quit. She grabbed Grunshaw and was fighting with him when another woman in the building came to the rescue. Grunshaw forced the other woman out, closed the door, and resumed the attack on Miss Cottam. They fell to the floor. Holding the woman with one hand, Grunshaw grabbed the money with the other. He was about to make his escape when a constable arrived.

### Short in Accounts.

Grunshaw made his attempt at robbery on a busy street. His determination and viciousness were shown not only by firing the pistol blanks that might have blinded Miss Cottam and by throwing the pepper that blinded her temporarily and might have blinded her permanently, but by returning to the attack. His motive was revealed at his trial, when it was testified that he was about \$100 short in his accounts with a club of which he was treasurer.

Not a redeeming feature marked this cruel, carefully premeditated crime inspired by another crime of his own, yet in addition to the twelve strokes of the cat Grunshaw will do no more than six months in prison, with time off for good behavior.

That the "cat" does not necessarily deter was evidenced recently by another English case in which a man convicted of robbery of a woman with violence asked for and received a sentence of 18 strokes with the cat in combination with a short term in preference to a long term without the "cat," but it undoubtedly does deter many and possibly the majority of criminals who would be inclined to rob women with violence.

## Crowd Is Generous to Starving U. Graduate

New York.—A young man collapsed at Broadway and Eighty-eighth street. A crowd gathered. He was heard to mutter something about being hungry.

Someone in the crowd slipped away and reappeared with coffee and sandwiches from a restaurant. The young man ate and collapsed again. An ambulance arrived. The doctor announced the young man was starving.

There was a movement in the crowd, a hat was passed, and in a few minutes a purse of \$100 was collected. A woman who had stopped her car at the scene took the young man away, promising him a night's lodging and train fare home.

The young man was Ernest Barber, twenty-three, a recent graduate of the University of Virginia, who had come here with his diploma and high hopes to make his fortune, but had been unable to find work. He had not eaten in three days.

Mr. and Mrs. Rinehart are entertaining guests at their home.

## Financial and Commercial

New York, Aug. 29 (AP).—The railroad shares again furnished impressive leadership in today's stock market, with a dozen issues rising one to 10 points to new high records. Buying in the general list was of a rather selective character, with the food, public utility and chemical shares showing several points of strength. The steels, motors and coppers made little headway.

Selling in advance of the holiday and the weekly Federal Reserve statement was fairly well absorbed, although one stock dropped 13 points, another 6 and a sprinkling of miscellaneous shares one to 3 points. Pool operations furnished the chief stimulus for the advance, although there appeared to be a strong investment demand for railroad shares in response to the excellent character of the current earnings statements.

There was no change in credit conditions. Call money renewed again at 5 per cent, and there appeared to be a comfortable supply at that figure.

Pere Marquette ran up 30 points to 240 but dropped back to 240 1/2. Atchafalaya was marked up 9 points to 27 1/2. Chesapeake and Ohio 5 to 27 1/2. Lackawanna 5 1/2 to 14 1/2. Southern Pacific 4 1/2 to 18 1/2. Union Pacific 5 1/2 to 19 1/2. All new high records. St. Paul common and preferred, Pennsylvania, Nickel Plate, Erie Common, Norfolk and Western and Nashville, Chattanooga and St. Louis also reached new high levels.

Auburn Auto was whirled up 13 points to a new top at 47 1/2, which contrasts with the year's low of 22 1/2. National Lead jumped 1 1/2 points to a new high at 17 1/2 and then slipped back to 17.

American Water Works, American Tobacco A. Air Reduction, American Type Foundry, R. H. Macy, Stone and Webster, International Harvester and Ingersoll Rand were bid up 5 to 13 points, all selling at their best prices of the year.

Homestake Mining broke 13 points and General Asphalt Preferred 6. Philip Morris dropped 3 to a new low at 10. Commercial Investment Trust, Safeway Stores, Underwood-Elliott-Fisher and American Telephone also sold 2 to 3 points below yesterday's final quotations.

**Little Child Led Where Police Feared to Enter**

"Teddy" is a dog, a police dog. Not a dog attached to the police force, but one of those up-standing-cared fellows alert from the tips of his paws to the tip of his husky tail. The "police" refers to his breed and not to his affections.

Lieut. Maurice A. Kellher and Sergt. Oliver J. Barron found this out when they tried to persuade Teddy to let them enter his home in the absence of any members of the family. Teddy was just plain "tough" and the enthusiasm with which he indicated what he meant to do was very convincing.

Teddy's mistress, Mrs. Marcella Van-chilla, had been stabbed and taken away to a hospital. It was necessary for the detectives to enter the house, but Teddy said, "No." That Teddy would have been a target for the officers' bullets or a victim of gassing seemed the only way.

And then a small boy of the neighborhood appeared on the scene. Without hesitation he walked into the house. Teddy wagged his tail and said, "Hello, old sport." In the best dog language, submitting in the meantime to being tied so that he was no longer a menace to officers of the law.

Thus a little child did lead two hunky bluecoats.—Worcester Telegram.

**Coffee and Revolution**

One writer points out that "what-over may be said about causes and circumstances, the French revolution was not brought about until coffee as well as philosophy had come to Paris." And, had he known of it, doubtless he would have found further significance in certain events in our own country.

It was no other than a coffee house—the famous Burns coffee house—which once stood on the west side of Broadway just north of Bowling Green—that afforded a meeting place on October 31, 1793, for the rebellious merchants who adopted resolutions to import no more British goods until the stamp act should be repealed. Moreover, it was in the Green Dragon, most celebrated of Boston's coffee houses, that Paul Revere and John Adams, Warren and James Otis, met for those conferences so fraught with consequence in 1776 of the War of Independence.—New York Herald Tribune.

**Woman's Mixed Diet**

A woman's winter store located by a German naturalist in a poplar tree about to be cut up in a saw mill proved interesting. No fewer than 44 mice had been carefully stacked one above the other, in an orderly pile, with sand and mold between them to form an air-tight mound. These mice were in as fresh condition as if they had just been caught. Two magpies had been placed on top of them, and a large collection of acorns lined the hollowed-out cavity to the entrance, which was just large enough for the woman to slip inside. In the same popular was another store, whose owner was a squirrel.

**10,000,000 Candle Power**

**Lights Flare to El Paso**

El Paso, Tex.—Visible between 100 and 150 miles, the 10,000,000 candle power light atop Mount Franklin near here, guides aviators slightly over Texas, Mexican and New Mexican wastes to El Paso. Sixteen thousand pounds of material, stored up the rough mountainside by man power, were used in making the 50 foot tower.

**Indian Girl With Baby**

**Attacks Bear With Ax**

Fraser, Can.—While attending some traps and hampered by a popliteal, which she carried on her back, Frances Zickelack, an Indian girl, of this place, was attacked by a female bear that had two cubs. The girl had apparently surprised the bear in the bush.

The only weapon the Indian girl carried was a small hand ax, but she successfully gave battle to the animal and at last succeeded in killing it.

**Belt Kills Two**

Juchitapan, Mexico.—While carrying the body of a man killed by a bolt of lightning, Maximo Tupia and Trinidad Martinez were killed by a second bolt, near here.

**Bump Fire Downtown**

A still alarm called the fire department for a fire in the old quarry hole on the old cement company property in Poughkeepsie.

## Local Death Record

Carmela Dazzo, widow of the late Michael Rlenzo, died in this city Wednesday. She is survived by one daughter, Josephine Rlenzo, of this city. Funeral services from her late home, 35 Lindsay avenue at 9 o'clock and at 9:30 at St. Mary's Church, where a requiem Mass will be offered for the repose of her soul. Interment in the family plot in St. Mary's cemetery.

The funeral of Charles W. Kline, well known barber, who died Monday, was held Wednesday from his late home, 180 Elmendorf street, the Rev. Putnam Cady conducting the services. There were many beautiful floral tributes. Interment was made in Harley cemetery. The bearers were Alexander Rosenberg, Cornelius Dandow, John J. Linson, Harry Sleight, LeRoy Longendyke and Harry Klotz.

William Van Bramer, for many years engaged in the fish business on East Strand, but late last week retired, died suddenly about 8 o'clock this morning at his home on East Strand. Death was due to heart trouble from which he had been a sufferer for some time. He is survived by one daughter, Mrs. John E. Troy, and a son, Vincent Van Bramer; two grandchildren, and two sisters, Mrs. Fred Brown and Mrs. Matthew Lewis, all of this city. Funeral arrangements will be announced later.

The funeral of Mrs. Marguerite N. Schoonmaker, wife of Eugene Sutton, who died Friday morning, August 23, was held from her late home, 488 Hasbrouck avenue on Monday at 1 o'clock. The Rev. A. A. Vradenburg of the Clinton Avenue M. E. Church officiated. Interment was in the Wiltwyck cemetery. Besides her husband she is survived by a daughter, Pauline S. Kemler, of this city, a sister, Mrs. Sadie Burnham of Haines Falls, two brothers, George Schoonmaker of Ellenville and Lawrence Schoonmaker of Haines Falls. The funeral was largely attended by her many relatives and friends and the floral offerings were many and beautiful.

James Patterson, son of Mr. and Mrs. James Patterson of Pittsburgh, Pa., died suddenly in his home in West Marlborough, about 5 o'clock on Monday afternoon with heart disease, aged about 55 years. Mr. Patterson had been in failing health for some time, but on Monday afternoon he drove his automobile to Marlborough. Upon returning to his home he complained of being ill. He reclined on a couch and died in a short time. Besides his parents, Mr. Patterson is survived by his widow, Sarah Patterson of West Marlborough, and four brothers, Robert, John, Daniel and Joseph, all of Pittsburgh. Funeral services were held this afternoon. Interment in Cedar Hill Cemetery. While residing in Pittsburgh Mr. Patterson followed the trade of carpenter. He came to West Marlborough about 20 years ago and since that time has engaged in the business of farming.

**ANOTHER SUCCESS AT THE MAVERICK THEATRE**

(By F. Gardner Clough)

The Maverick Theatre opened its fortnightly play on Wednesday evening with an audience composed largely of Kingston people and people from Woodstock and nearby towns.

The week's performance was "The Higher Court," a first showing of the three-act drama by James S. McCabe, Jr. It was directed by Allen de Lano.

Whether it was the "first night" attraction, or whether theatre-goers are finding it more and more imperative to watch the offerings of The Maverick Theatre, there was a sober intensity about the crowd gathered on Wednesday night at Woodstock's famous rustic theatre in the Maverick colony.

During this season the Maverick Theatre has established itself with the public as a serious playhouse where professional offerings are given with the necessary amount of serious direction and intelligent acting. And if there was any disappointment on finding that "The Higher Court" was neither sensational nor especially modern, there was an almost immediate reaction of respect and admiration for the high standards set by the theatre direction; the actors were all that could be desired; the cast for the week's play performed as one; there were no weaknesses on this score.

"The Higher Court" is the story of a murder, of the acquittal of a young lady who faced suspicion, and of subsequent love and devotion, of the man who carries justice to "the higher courts."

Gladys Hurlbut, in the role of Janet Wendell, the person suspected of the murder, seemed to the reviewer to be the centre of the stage by virtue of her talented acting and her charming personality.

As for the others in the cast E. J. Ballantine has a role which he plays convincingly; Alice Ann Baker, as Margaret Seton, was splendid. A newcomer in the cast was Edwin Stanley, who played the attorney's part with professional stage manner. Ian M. Wolfe had a difficult part which he played with characteristic application of his acting talents. There was also Peggy Roland, a newcomer, who played an important part with the same serious application of the rest of the players.

For those who want to see this play, it must be said that there is a mystery about the murder which has not been disclosed until the end. But there are plenty of minor plots along in between the three acts which hold your interest steadily toward the end.

This play will run Thursday, Saturday, Sunday and Monday nights. Should there be rain on Friday, postponing the Maverick Festival evening performance, there will be a performance of "The Higher Court" that night also, but Friday night is given over to the open-air performance for the annual festival.

## Graf Zeppelin Rumors Aplenty

Although the Graf Zeppelin which landed at Lakehurst shortly after 3 o'clock this morning was reported over Chicago late Wednesday afternoon there were persistent rumors that the big ship passed Kingston and that many people had viewed the big air liner. There were also rumors throughout the afternoon that the ship was near Kingston and reported leaving times from Albany and other cities spread about the streets, keeping people looking sky-ward. The story that the ship was to follow the Mohawk and Hudson rivers and pass over Kingston on her trip to Lakehurst was probably responsible for the keen interest shown and the many rumors that were circulated. Later in the afternoon it was reported that the world-grinding ship had passed down the river and that many city people had seen it. This rapidly spread about town and during the evening even the exact time of her passing was given. At that time the ship was being reported by radio over Michigan.

Meeting Veterans Foreign War. The Veterans of Foreign War will hold a meeting tonight at the club house on East Chestnut street. Important business will be transacted.

## Legion Going to Utica by Bus

There are still a few reservations open for the bus trip to the State convention of the American Legion at Utica next week. This trip is open to Legionnaires only. The bus containing members of the Legion will leave Kingston next Thursday evening, arriving in Utica that night. The men will sleep Thursday night in one of Utica's finest fire department stations, which has been set aside for the exclusive use of the Kingston Post drum corps and accompanying Legionnaires. On Friday morning, the drum corps competition will be held and on Friday afternoon the big American Legion parade takes place. The bus will leave Utica for Kingston on Friday evening. Those wishing to make a reservation on the large Pullman bus which has been chartered are asked to get in touch with A. J. Murphy, Jr., who is in charge of transportation.

The local Legion drum corps has been rehearsing and drilling at the Kingston Fair Grounds for months. At the last rehearsal held Wednesday night it was felt that everything had been done to whip the corps in shape for the competition in Utica next Friday, when the local boys will meet the crack Legion drummers and buglers from all over the Empire State. Each member is on edge and feels confident that they will again bring home a prize.

## SUNDAY SERVICES AT BLOOMINGTON CHURCH

Mrs. Elsie Myers Pultz, a former pastor of the Rosendale Baptist Church, and who since her resignation has been supplying various pulpits in the absence of pastors, will have charge of both the morning and evening service at the Bloomington Reformed Church, Sunday, September 1, and Sunday, September 8. The Rev. C. V. W. Bedford is away at his Adirondack camp on his annual vacation. Morning service at 9:45 and evening service at 8 o'clock, daylight saving time. Sermon topic, Sunday morning: "In the Secret of His Presence." Mrs. Pultz will also conduct Mrs. Bedford's Bible class at the Sunday school session. A cordial Christian invitation is extended to attend all of these services.

**Upper Room Mission Service.**  
The regular mid-week service will be held at Bedford's Upper Room Mission, 562 Broadway top floor, near the West Shore, Friday evening at 8 o'clock. Frank Kothe will have charge of the service. An interesting and helpful meeting is expected. Everyone welcome. The playing of the chimes is attracting special attention from visitors as well as residents. Mrs. George Ryer, who is an expert musician, plays the sweet-toned Deagan Chimes before each service held at the Upper Room Mission.

**Pieper Takes Over Business.**  
J. Dougherty, who has been conducting a meat market at 96 O'Neil street for some time has rented his butcher shop and transferred his meat business to George Pieper of Pine street, who formerly was with M. A. Weishaup.

## ALL THIS STARCHY FOOD DIGESTANT ANTI-ACID MEAT AND MILK DIGESTANT IN ONE STOMACH REMEDY

You can trust your stomach troubles in a new and better way with this new discovery—ACIDINE—almost magical in its action. INDIGESTION AND ITS RESULTS, SOUR STOMACH, GAS, BILIOUSNESS, COLIC, SICK HEADACHE, ACIDOSIS, ACID REFLUX, and other stomach troubles are the result of indigestion. ACIDINE contains the most effective known starch digestant called "Lactase." It liquefies starchy foods so that instead of remaining in a semi-solid, fermentable mass, these foods pass out of the stomach in a sweet, liquid condition with other foods. THIS STARCH DIGESTANT WILL DIGEST 80 TIMES ITS WEIGHT OF STARCHY FOODS, AND HARSHLY TREATS YOU CAN FIND IT IN NO OTHER MEDICINE. ACIDINE is guaranteed to relieve YOUR trouble. If it doesn't, any druggist will return your money. Your druggist has it, or write Health Laboratories, Pittsburgh, Pa.

## Industrial Home Outing and Picnic

The annual outing and picnic given by the Kingston Shriners' Association to the children of the Industrial Home is to be held this afternoon at Watson Hollow where the children of the home and the matrons will be conveyed by automobiles donated for the purpose. Arrangements for the outing which is held each year much to the enjoyment of the children at the home, were in charge of Sam Brown.

Scheduled to leave the home at 1:30 o'clock the children will be taken to Watson Hollow where there will be a picnic including the good things which children all enjoy and after an afternoon of fun and plenty of refreshments the children will return to Kingston. Arrangements were made to care for about 30 children and the older folks and matrons at the home.

Each year the children of the home are given a picnic and outing by the Shriners' Association, an organization which is constantly on the look-out to provide the children with a good time as well as provide in other ways for the comfort and support of the boys and girls.

A SHOKAN "APPLE CUT" IN THE DAYS OF '76.

Shokan, Aug. 29.—A social event in Centennial year was the old time "apple cut" held at the home of Mr. and Mrs. Jeremiah Coons, September 1, 1876. The Coons homestead at that time was the farm now owned by John F. Kira, which was for many years conducted by Willis Everett, a son-in-law of Mr. Coons. Mr. Coons was the father of

the late John Coons, of Mrs. Henry Elmendorf, of Shokan, and Mrs. Willis Everett, now living at Lake Katrine.

For the education of the younger generation, which is perhaps not well up on apple cutting, it may be said that years ago the neighbors would gather at each other's homes and pass and slice apples for winter use. The cut apples were later placed on screens and turned every day to expedite the drying process. Finally, when properly cured, the apples were placed in bags and hung up for safe keeping. The fruit when soaked in water and cooked

made a very appetizing dessert or relish in cold weather. At these apple cuts, refreshments were served of course, and those assembled at the party made the occasion one of pleasant social intercourse. On the 14th of September the folk of the Coons district gathered for a "cut" at the home of Mr. and Mrs. John Weeks, who were the parents of Granville and Berlin Weeks of Kingston and of Henry Weeks of Lake Katrine.

## Reserved Seat Tickets Going Fast for Bout

According to a report received from Bill Singer the reserve seat tickets are going fast and every indication points to a record crowd at the fight Friday night at the Kingston Fair Grounds. The fans have an opportunity to see something unusual in the main 10-round bout and the semi-final of 16-rounds also holds something of interest to those who patronize the pugilistic exhibitions.

Altogether there will be 36 rounds of fighting. If every bout goes the scheduled number of rounds, a four rounder between two fighters, who for the first time make their appearance here, will be the opening bout. Mammie Flores of New York and Jack DeMassimo of Italy will clash in the opener.

Two six rounders and the semi-final of ten will support the main bout in which Tony Loto, the Tampa, Florida, flashy featherweight, and Tommy Rivetti, clever featherweight of New York, will mix it up.

The semi-final in which Teddy Siedman of New York and San Sanchez, Spanish Sensation, will exchange blows, promises much action. Ruby Greenburg of New York and Harry Oberman, also of that city, fight in a six rounder and the other bouts of the same number of rounds, Nick Faxon of Greece will fight Armando Alvarez of Cuba.

## TILDEN AND HUNTER

### FACE STIFF OPPOSITION

Brookline, Mass., Aug. 29 (P).—Big Bill Tilden and Frank Hunter today faced the greatest test in their quest for the national doubles tennis championship, a title they won two years ago. The fortunes of the draw forced them to clash in a semi-final match with George M. Lott, Jr., of Chicago, and Johnny Doeg, of Santa Monica, Cal., the team that kept them out of last week's final bracket at Newport, R. I., by subjecting them to a crushing straight-set defeat.

The former champions barely squeezed into the semi-finals play yesterday when they nosed Gregory Mangin of Newark, N. J., and Norman Farquharson of South Africa out of the running in a five-set match. Hunter's play was impressive and Tilden could only maintain his marvelous form for short stretches.

## Tagging Major League Bases

(By William J. Chipman, Associated Press Sports Writer)

The demise of the Pirates was prematurely announced, according to no less an authority than Joseph V. McCarthy himself. The keeper of the Cubs takes oath that the Buccaneers not only were alive as recently as yesterday afternoon, but also were raiding the country in and about Forbes Field, where it was unsafe for peaceable folk to go about their business.

The Bruin band tripped into Pittsburgh yesterday faced by the purely routine task of going through with five games of ball against an enemy already fallen. The surprise of the invaders knew no bounds when the home defenders took not one decision but two in the dual skirmish which marked the opening of this happy party.

While this double dent put into Bruin lines can hardly be said to have restored the Pirates to the dignity of contenders, the fact remains that the Cubs themselves are headed nowhere in the general direction of a twenty-game lead which seemed not improbable just twenty-four hours ago. The men of McCarthy still lead by twelve and one-half games and rate as coming champions, but the mathematical certainty is at least a bit farther away.

Playing their first game under the management of Jewel Ens, successor to Donie Bush, the Pirates lapped Jerome Malone for fourteen hits and ten runs in seven innings to win by 10 to 3 after Kiki Cuyler's homer had given the Cubs a 3 to 1 lead over Burleigh Grimes in the third. Nine of the runs were earned, which did Mr. Malone's record no appreciable good. Hargreaves batted in five of the markers to help Grimes to his seventeenth triumph.

All of this was understandable. Even the best of them must have an off day, a momentary slip. The Cubs dashed into a lead of 6 to 2 in the seventh round of the nightcap as Rogers Hornsby's thirtieth home run and order seemed to be restored. In the home half, however, the Pirates assaulted Ken Penner, the Hoosier recruit, for three runs, and continued the bombardment in the eighth for two more to win by 7 to 6.

Penner gave way in the eighth to Mike Cuyler, who in turn surrendered the reins to the ace, Guy Bush. The defeat was plastered upon Mike's record, but he has two recent easy victories over Philadelphia to balance it. Remy Kremer was the winner. The other six National League clubs were inactive.

Cougie Mack righted the fortunes of the Athletics once more, but he had to call upon Bob Grove to clinch a 9 to 7 decision over the Yankees at the Stadium on the Harlem. Walberg and Quinn had been roughly used and Eddie Rommel had been removed for a pinch batsman after one good inning.

Grove got nothing but the exercise as the game was won by a five-run rally in the seventh before he entered it, forcing the credit upon Rommel.

After several brilliant if losing games, Roy Sherid was hammered into a state of helplessness and three succeeding Yankee pitchers fared little better. Babe Ruth returned after a lay-off of part of one game, and hammered out his thirty-sixth home run, increasing his league lead. Gehrig hit his twenty-eighth and Lyn Lary his fourth. The victory gave the American League leaders an even division of the two engagements in New York and restored their margin to thirteen games.

The Senators rallied at the end to defeat the Red Sox by 7 to 4 in the second and final game of the short series in Washington. Walter Johnson's men took both. The four remaining American League clubs were idle.

## Speed Stars In Auto Races

Entries continue to come in from every quarter for the big program of professional, sanctioned A. A. A. auto races, to be staged on the afternoon of Labor Day, September 2, at the Kingston Driving Park track.

Among the list of star drivers who have filed entry for the Labor Day meet, are such well known pilots as Bob Robinson, Doug Wallace and Herman Schurch.

This trio of speed stars need no introduction to followers of auto racing, since the records of the Contest Board of the American Automobile Association substantiate the fact, each of the trio is a champion in his own right.

Bob Robinson of Daytona Beach, Fla., holds more records established over half-mile dirt tracks of the country, than any other driver in the game. During the 1928 racing season Robinson won 19 out of 27 major races in which he participated under A. A. A. sanction, establishing new track records in many instances. Doug Wallace, veteran dirt track pilot, is a daring pilot and usually finishes well up in the money in the races in which he enters. Wallace will be at the wheel of his latest racing creation, designated as No. 26.

The track is being thoroughly conditioned in accordance with Contest Board rules, and a record meet is expected.

It is questionable if, at the end of the fifteenth century, there were a quarter of a million Indians in what is now the United States.

## Sport Slants

By Alan J. Gould, (Associated Press Sports Editor.)

In the exclusive, if not exactly cloistered atmosphere of the Princeton Club a few years ago, Gene Tunney and William Muldoon were the principal guests of honor.

The heavyweight champion talked of the advantages of education, of the lessons to be gained from boxing—in other words of the supremacy of mind over matter.

Muldoon, the graybeard who managed John L. Sullivan before Tunney was born, harked back to the days when he wrestled in bar-rooms of an evening for a purse of \$5.

As a rapt listener as any around the luncheon table was Tommy Loughran, then just an ambitious light heavyweight. He hardly could be blamed for considering that the career of Tunney, who had just won the world's heavyweight championship through his skill as a boxer, was preferable to the rough and tumble life of Muldoon.

If Loughran wins recognition as the next world's heavyweight titleholder, and it is no long-shot wager that he won't, it will be due in no small part to the influence of Tunney upon the career of the clever Philadelphia. Tommy's left jab and speed will carry him far.

Most successful fighters have patterned their style, or taken their ideal from some previous star. Dempsey thought Sullivan was "the works." Tunney preferred Corbett's example. Al Singer, the newest lightweight sensation, has patterned his style after Benny Leonard's.

Because he has been shifted around half the National League circuit within the past few years, the idea has grown that Rogers Hornsby is something of a bad actor, at least a difficult citizen to handle.

It doesn't take more than a five-minute chat with Joe McCarthy, boss of the pennant-prospecting Chicago Cubs, to dispose of any thought that Rogers is temperamental. "Hornsby may prefer his own company off the field," said Joe. "That's none of my business, but on the field he is one of the best team workers I have ever had. He works for the club all the way and does everything he can to give others the benefit of his experience."

"One of the great things about Hornsby is that you can always count on him. He is always in shape. He has his own ideas about training and sticks to them. He neither drinks nor smokes and lives regularly. For instance, he never has breakfast until about 11:30 every day, then he doesn't eat again until after the game."

"When we get into a town early, most of the boys dash for the dining room, but Rogers will go to his room, take it easy for a few hours and then have a substantial meal at his regular time."

## BASEBALL SQUITS

Brooklyn has purchased Babe Phelps from Jacksonville of the Southeastern league.

With the signing of Pitcher "Red" Bryce, Birmingham (New York-Penn) released Fred Adams outright.

We are considering having nothing to do with the Chinese-Russian dispatches until they number the players.

The Toledo baseball club has the reputation of carrying the headway pay roll outside of the major leagues.

The knuckle-ball helped Ed Rommel win his first seven games for the Athletics. Rommel has excellent control.

John Miljes, of Cleveland, has been a successful finishing pitcher this year, but has had trouble finishing his own games.

Babe Phelps, pitching ace of the Jacksonville club of the Southeastern league, has been sold to the Brooklyn Dodgers.

The day after the St. Louis Browns built a screen above their short right-field fence four drives bounced back into the playing field. None went over.

Selection of Bill Shipke, Omaha and Des Moines third basemen of two decades ago, as a scout for the Cincinnati National league club, has been announced.

If Max Bishop is forced to wear spectacles on the field he will be the second basemen so arrayed. George Toporcer won fame as the first infielder with glasses.

The record number of ball games won by a major team in a season was set by Frank Chance's Chicago Cubs in 1906, when they rolled up a total of 116 victories.

Sam Hyman, veteran left-handed pitcher, purchased from New Haven during the past winter, has been released by Manager Heinie Groh, of the Hartford club.

No major league ball games in New York are broadcast. And the metropolitan magnates hold that the radio is hurting the attendance in the cities broadcasting games.

Self-confidence is very wonderful, as in the case of the young infielder who, after making three gross errors in rapid succession, calls to the pitcher, "Come on, kid, pull yourself together."

In 1926 Lefty Grove of the A's fanned 194 and in 1928 he struck out 186. If he keeps up his present gait he will pass the 200 mark for this season. In the International in 1923 he fanned 330.

Jack Quinn, veteran Athletics' pitcher, achieved a remarkable record as far back as 1908 when he won 14 out of 16 games for the Richmond club in the Virginia league, the other two being ties.

Otis "Doc" Crandall, veteran spitball pitcher, has rejoined the Los Angeles club, Pacific Coast baseball league, of which he was a mainstay, for more than ten years, until the season of 1927.

**Precious Stones in History**  
At Rome there is an emerald which was sent to the pope from Persia after the conquest of that country by the Spaniards. In Egypt finely cut gems, skillfully engraved, have been found beside mummies in tombs dating from a remote era. The conquerors of Mexico found many beautifully wrought stones among the Incas, cut and engraved with images from an early epoch of their history. The mythology of ancient India contains numerous references to precious stones, and they are frequently mentioned in the songs and ballads of that people.

**Matter of Long Dispute**  
The true origin of the expression "O.K." is not definitely known, though several explanations have been derived from a Choctaw Indian word meaning "It is so"; it has been attributed to an Indian chief, Old Keshik; it has been considered the initials of "Ori Korrect"; it has been called an error for "O. R." (ordered recorded). Another authority ascribes it to Aux Cayes, pronounced o-kay, in Haiti, from which the best rum and tobacco were exported in Colonial days.

**Crowds**  
As a matter of fact, the congregating impulse in human nature isn't what it once was, and for readily discernible reasons. In what we call our modern "community life," most of us are forced to congregate whether we like it or not. People meet, of necessity, spend so much time in crowds—in streets, stores, trains and highways—that they are naturally anxious to escape from the turmoil in their leisure hours.—R. E. Sherwood, in Scribner.

**"Dragon's Blood" in the Arts**  
The "Dragon's Blood" of commerce is a red gum made from the ripe fruit of palm trees growing in Siam and the Dutch East Indies. It is used in the pharmacy and finds its way into the arts as a means for coloring varnish and also for use in photo engraving. It is secured from the nut by a process of steaming and crushing. The product is sent to Penang and Singapore and thence it is shipped half way around the world to points in Europe and America.

Mickey Walker has helped himself to the light heavyweight title, just like that.

### JONES TO PLAY ON CYPRESS POINT LINKS

Del Monte, Cal., Aug. 29 (P).—Bobby Jones, National amateur golf champion, will try his clubs out on a different course here today when with Francis Ouimet, Roger D. Lapham, president of the California Golf Association, and Harry Lapham of Boston, he will stroke the sporty Cypress Point links.

The Georgia marvel, in training for the defense of his title at the national event which opens at the Pebble Beach course here Monday expects to find all sorts of tough going at Cypress Point, where a hook or slice puts the player in sand or rough that is without equal on this peninsula.

All taxpayers in Ulster County who have not yet paid their state, county, town and highway taxes for the present year, are advised to call at the County Treasurer's office and pay same before September 1st or their property will be advertised for sale, which will mean an added expense to that already due. Herbert E. Thomas, County Treasurer and his office force are now preparing the lists of properties in the various towns of the County on which the present year's taxes are not paid and publication of same will begin shortly after September 1st. There will be a tax sale of Ulster County property again this fall as the law requires the County Treasurer to hold a sale every year and it is expected the sale this year will take place some time in late October.

## Governor Names Judge Clearwater

Governor Roosevelt has appointed Judge Clearwater to represent the state of New York at the 55th annual congress of the American Prison Association to be held at Toronto, Canada, September 29 to 30. In an address delivered by the judge before the American Bar Association at its meeting at St. Louis a few years ago, the judge stated that during his upwards of forty years official connection with the administration of justice, he had given a great deal of consideration to the punishment of offenders and to the possible reformation of such of them as were susceptible to reformatory influences. He said that the divergence of attitude between the people of this country and those of Great Britain, France, Holland and Belgium is that in those countries men and women are brought up to respect the law because it is the law, while with us, there is too great a tendency to disagree with the law per se and to do so not suit our fancy or convenience.

### WEST SHOKAN.

West Shokan, Aug. 29.—All sympathize with Lauren Hesley in the loss of his Chevrolet truck. Monday morning he drove the truck to Tarrytown to have some work done on the cab at the Hercules Body Works. Late in the evening he started home via the Storm King route continuing until he reached Highland. Becoming drowsy from the fatigue of the long day's trip, he pulled up the truck alongside the road and took a needed rest. He awoke about day-break and headed for Kingston, but between Esopus and Ulster Park the cab almost without an instant's warning burst into flames about his feet. He pulled the emergency, grabbed his coat and jumped. The truck left the road, turned over on its side in the ditch, then dropped back on four wheels, a roaring mass of flames. The truck is a complete wreck, but is insured with the G. M. A. C. Lauren luckily escaped injury except for a burn on one hand. The truck was new only a few months ago and the loss at best will be quite heavy.

Nearly all the male population have commenced digging for water. Michael and Sylvester Jones are each digging a new well, and Marshall Rousa is driving one for Mr. Brenner near his bungalow along the Bushkill road.

Clarence Donohoe and Clyde Davis of Krumville were local callers on Tuesday.

Mrs. Morton Roe and daughters, Mildred and Sarah Florence, are spending the week with relatives in Kingston.

Mr. and Mrs. Gilbert North of Olive Bridge have gone on a vacation auto trip and expect to visit places of interest in western New York.

For the past two weeks Hillside Cottage, the home of Mr. and Mrs. Ezra Bell of North Boulevard, has been a scene of intense social activity. The following visitors are being entertained: Their daughter-in-law and granddaughter, Mrs. Stewart S. Bell and Helen Rebecca, Mrs. John H. Barton and daughter, Jane Joy, all of Poughkeepsie; Mrs. Sarah Martin and her daughter, Mrs. Neal Harrison, also the granddaughter, Miss Nellie May, of Newburgh, and Mrs. Fred Van Etten of Dumont, N. J. Host and hostess are congenial entertainers and endeavor to make the stay of their numerous guests most enjoyable.

Some local revelers are expecting to take in the Maverick on Friday evening. Costumes are being made ready, the better to enter into the spirit of this festive occasion.

A rip snorting ball game was played at Olive Bridge on Sunday afternoon with Stone Ridge as the opposing crusaders. The contest was definitely decided in the twelfth inning. As the shades of evening were creeping down Art Myers, one of the local stars, smashed the old pill for a home run far and high, way out of the lot, breaking up the game by a score of 10 to 9.

Bob Brenner, a dashing young shiek, who is stopping at Camp Rojalo, was a pleasant caller at West Shokan Heights one recent evening. Due to darkness falling quite unnoticed no doubt, he was seen returning home by aid of a lantern's glow. Donald and Bob Bishop are away on a flivver trip at Hobart and Prattville.

The state boiler inspector was here on Wednesday and passed inspection upon the boiler at the Davis and Hesley saw mill.

A cordial invitation is extended to all for the Labor Day picnic at Lambert's Grove, weather permitting. The Ladies' Aid of the Tongore Church will operate the refreshment stand.

A party of campers are enjoying the quietude and scenery at the Rouland Bell farm on the trail to High Point.

A grand influx of vacationists is expected for over Labor Day at the several resorts.

Activities aplenty on Saturday night. The specially convened school meeting at 6:30, standard time, later the big dance at Colange Hall.

## THE AETNA INSTALLMENT PLAN

## An Important Message to UN-INSURED Automobile Owners

YOU know the risk you are taking in driving without adequate liability insurance.

You read almost daily of verdicts that would mean bankruptcy for most of us. Doubtless you almost tremble with the thought of how an accident might deprive you not only of your car, but of your home and your other possessions. Yet for one reason or another you still go insurance-less!

There are many like you, — far too many! Most of them find it inconvenient, at least, to pay in one payment, for the protection they so sorely need.

To meet this very real need the Aetna has put in force—

## The AETNA Instalment Plan For Automobile Insurance Premiums

This method of convenient payments is applicable to all coverages provided liability is included. You may pay your premium in two, three or four equal monthly payments.

The "AETNA" Automobile Liability policy will also meet the requirements of the New Automobile Financial Responsibility Law. Don't Delay—Aetna-ize today!

## Joint Recital Here Sept. 20

The Senior Luther League of the Lutheran Church is planning a musical treat for their friends on Friday, September 20 when two of their number, Miss Marion Messinger, pianist, and Miss Mildred Messinger, contralto, will give a joint recital at the home of Miss Messinger, 79 O'Reilly street. The Messingers are well known throughout the city for their musical ability. They gave a joint recital in the local high school several years ago with much success. Miss Marion Messinger, a graduate of the New England Conservatory of Music, is at present in charge of the Piano and Harmony Department at Penn Hall School at Chambersburg, Pa. Miss Mildred Messinger, for a number of years has been a soloist at St. James' M. E. Church. Both are accomplished musicians and the Leaguers feel proud of the fact that they were able to secure their consent to give this recital. As much as the recital will be given in the home the number of tickets to be sold must obviously be limited. Miss Caroline Herrman of 203 W. Chestnut street is chairman arranging for the recital.

The Senior League will resume devotional meetings on Sunday evening, September 8, at the usual time, 6:30. A business meeting will be held on Monday, September 9.

## ELEANOR GUNN ON FASHIONS

### CONTRASTING COLLARS AND CUFFS FOR EARLY AUTUMN

New York—Although there is a pronounced deepening of colors for the new season, eggshell remains in the foreground and is most frequently combined with brown. Beige ermine, used on black or brown carries out the color scheme in certain ensembles. One of the high lights of the season is the use of white fur and of light beige fur on black. Flat furs rather than long ones are preferred. White caracul on black is exceedingly chic and so for that matter is brown Persian lamb, for the Paris collections, one and all, found brown lamb on black an excellent illustration of the chic of contrast.

While one's interest in furs may be at the zero hour, the rapidly approaching football season makes it not amiss to say a word for the status of the fur jacket. It, like other fa-

avorites of another generation, has survived a season of luke warm success and seems about to enter into its own.

While some houses adhere to the majority subscribe to circular lines and leave the length largely to the individual. So long as nothing shorter than 3 inches below the knee is chosen all is well.

From having no cuffs at all, sleeves have rather suddenly reversed themselves and taken on a measure of elaboration below the elbow. Although lavins leg-o-mutton sleeve may not go over this season, one's cuffs seem to point the way to the full below the elbow type.

### OUR DAILY PATTERN.

A Dainty Frock for Mother's Girl.

6560. Crepe de chine in a pretty shade of lavender was selected for this model. One could combine printed and plain chiffon, or silk, or taffeta and organdy. The dress may be made with or without the bolero, sleeve, collar and vestee portions. In the large view, the sleeves are omitted. The plaited skirt portions are joined to short waist portions which may be made of contrasting material, or of lining if the bolero is used. A tiny vestee forms part of the bolero below the collar. One may have scalloped or plain outline on collar and bolero, and the sleeve may be set into the armeye of the dress or bolero.

The pattern for this attractive design is cut in 4 sizes: 4, 6, 8 and 10 years. To make the dress with bolero and with long sleeves, for a 10 year size will require 3 1/2 yards of material 36 inches wide. Without sleeves 2 1/2 yards will be required. The waist portions of contrasting material require 1/4 yard 32 inches wide. Without bolero and sleeves the dress will require 2 1/4 yards of 36 inch material. The neck bow requires 1/4 yard of ribbon, and the sash 2 1/2 yards of wider ribbon.

A pattern of this illustration mailed to any address on receipt of 12c in coin or stamps by the Pattern Department, The Freeman, Kingston, N. Y. Be sure to state the size wanted.

LOUISE, DEAR, A THOUSAND THANKS FOR TELLING ME ABOUT RINSO. SEE HOW WHITE MY WASH CAME OUT

NOW THAT YOU KNOW ABOUT RINSO, ISN'T IT SILLY OF WOMEN TO SCRUB CLOTHES?

Safe suds! Clothes last much longer now

EVERY woman knows how quickly scrubbing wears out cottons and linens. But with Rinso there's no scrubbing, no boiling. Clothes last longer.

Wait until you see how white Rinso washes clothes! The thick, creamy suds soak out the dirt. All you need to do is rinse! So easy on the hands.

Cupful for cupful, Rinso gives twice as much suds as puffed-up soaps—because it's granulated, compact. Recommended by the makers of 37 washing machines. Try it for dishes, too!

## Former Sheriff of Greene Indicted

Kingston, Aug. 29.—Former Sheriff Charles A. Arbozast of Greene county was indicted here Wednesday on a charge of grand larceny by the special grand jury impaneled at the order of Governor Roosevelt to inquire into alleged theft of county funds.

Arbozast was released in \$1,000 bail after the indictment was handed up. At the order of Supreme Court Justice E. J. Staley, named also by the governor to preside at the extraordinary term of supreme court, the former sheriff will be brought to trial September 30.

Deputy Attorney General W. E. Ward, who superceded the county prosecutor in the presentation of the case to the grand jury, has adjourned deliberations of the jury until September 25, when more indictments are likely to be returned, according to reports at the court house here.

After investigations by examiners for the state comptroller they reported finding illegal expenditures of money by the board of supervisors and other county officials.

One of the allegations was that

## NAMED DIRECTOR OF NEW YORK TELEPHONE COMPANY.

John Irving Downey of New York city, well known in official and building circles throughout the United States and for his public service throughout the World War, was appointed a director of the New York Telephone Company at the meeting of the board of directors held Wednesday, August 28. Mr. Downey is the second of four new directors authorized at the annual meeting of stockholders held on Monday.

A native of New York city, Mr. Downey has made that city the scene of his operations since he entered

business. He was active in the building industries from 1907 to 1917, first as a member of the firm of John Downey and later as director, president and general manager of John H. Downey, Inc.

In 1917 Mr. Downey retired from the construction business to accept a vice presidency in the Bankers Trust Company, of which he has been a director for many years. He is also a director of the Fifth Avenue Bank and a trustee of the Franklin Savings Bank.

During the World War Mr. Downey was active in the Red Cross and Liberty Loan campaign and in 1918 served in Washington as an executive secretary of the facilities division of the War Industries Board.

A graduate of Sheffield Scientific School of Yale University in 1907, Mr. Downey's interests in Yale affairs has continued and he is chairman of the board of directors of Yale Alumni University Fund and president of his class. He is also active in hospital and other civic organizations and is a member of many clubs, both in New York city and Westchester county.
